St. Andrew’s Auxiliary Programs
Electronics/Toys/Cards Policy

Camp and care is better when everyone is interacting with each other. Thus, we don’t allow any electronic devices at camp, or during any other Auxiliary Program. This means phones, iPads, tablets, handhelds, etc. Also, small toys and trading cards go missing all the time. Please leave that stuff at home.

I understand that if my child/camper brings an electronic device to camp, it will be stored with the camp director until dismissal.

Small toys/cards ARE allowed in After Care programs, but staff is not liable for missing items or bad trades. Please do not send items that would cause devastation if lost.
